NORTHBOUND CENTRAL AVENUE CLOSURE

The northbound lanes of Central Avenue between Fifth Street and Sixth Street were closed at 10:00 AM, today, August 9, 2004 to allow the construction of a sewer man hole. The northbound lanes will be closed until approximately 6:00 PM, Friday, August 20, 2004. Northbound Central Avenue traffic will be detoured east along Fifth Street to north on Elm Street to west on Sixth Street and back to Central Avenue.

The City is coordinating this work so that it is finished before the first pre-season football game and also before a special event that is being scheduled to celebrate the opening of the National Underground Railroad Freedom Center. It was also necessary to schedule this work so that it does not interfere with Riverfest and Oktoberfest.

Motorists are advised to reduce their speed and use caution when approaching the work area.
